Owner's Comments: After Lessing completed his 100 Day Test at Adelheidsdorf in 1982 he was one of the 10 stallions chosen to stand at Celle. The performance of his European offspring earned him a Top 10 ranking by the German Equestrian Federation among all warmblood stallions of his age. Only three other stallions standing in North America share this achievement. Lessing was imported by Spruce Meadows and shown by Canadian Equestrian Team member Linda Southern. He has also performed with the Celle Stallion Dressage Quadrille. In 1991 Lessing's son Leroy was purchased by Swiss Show Jumping Team member Thomas Fuchs for \$250,000. Locksley, another Lessing son, was recently approved in Canada and was the high scoring stallion at his approval. In 1996 Lessing's offspring earned premium awards and Champion and Reserve Champion foal titles at both Hanoverian and Oldenburg inspections. Lessing is the maternal sire of Bo Peep, who in 1996 was Grand Champion at PVDA and winner of the East Coast Breeders Mature Horse Championship at Dressage at Devon. She was a multiple champion in 1997.
